Искусства и науки всегда были и будут двигателями прогресса развитія и истиннаго благоденствія человѣчества; поэтому ихъ всегда чтятъ, охраняютъ и заботятся о нихъ не только правительства всѣхъ образованныхъ государствъ, но и всѣ цивилизованные народы и каждый, кто трудится на пользу наукъ и искусства, или служитъ посредственнымъ или непосредственнымъ ихъ двигателемъ, несетъ свою долю матеріала для сооруженія великаго зданія цивилизаціи. Наша скромная наука имѣетъ то особенное значеніе для страны и народа, что цѣль ея, способствовать благоденствію націи и тѣмъ служить къ усиленію могущества государства.

Въ виду этого и для храненія, хотя и слабого, доказательства своей глубочайшей признательности, издатель, беретъ на себя смѣлость посвятить Вашему Императорскому Высочеству это основательное сочиненіе.

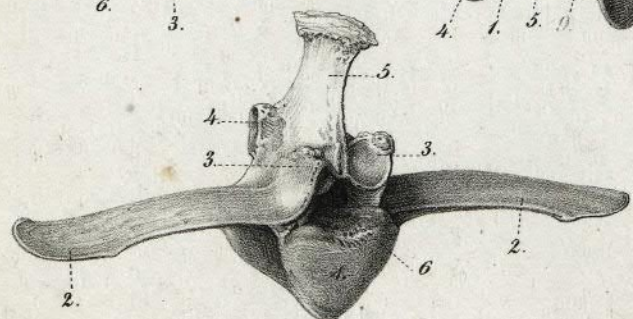

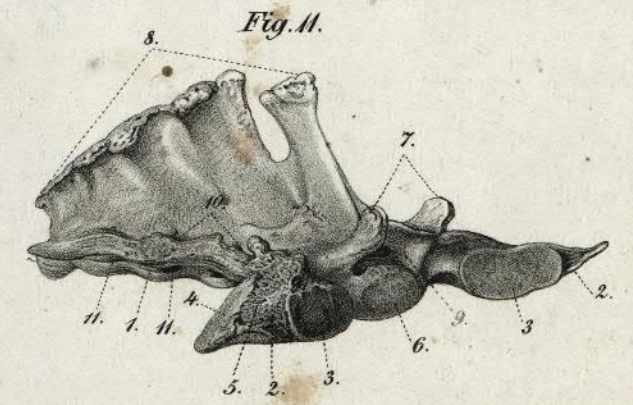

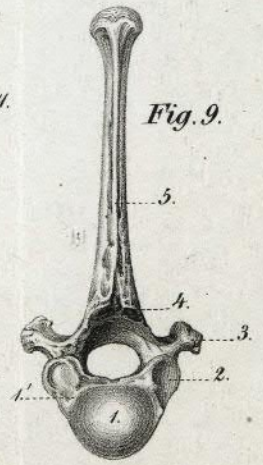

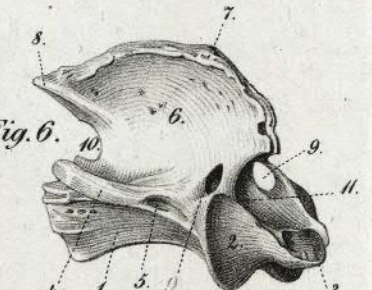

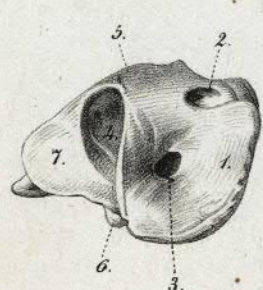

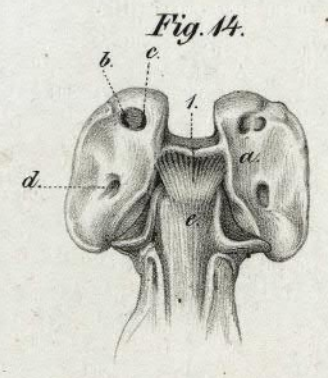

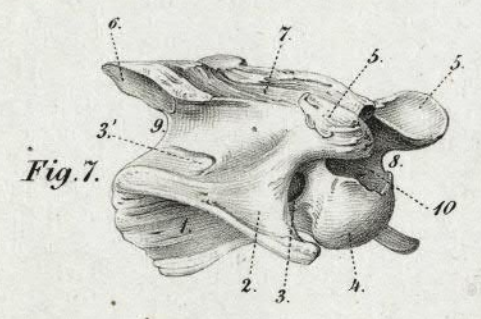

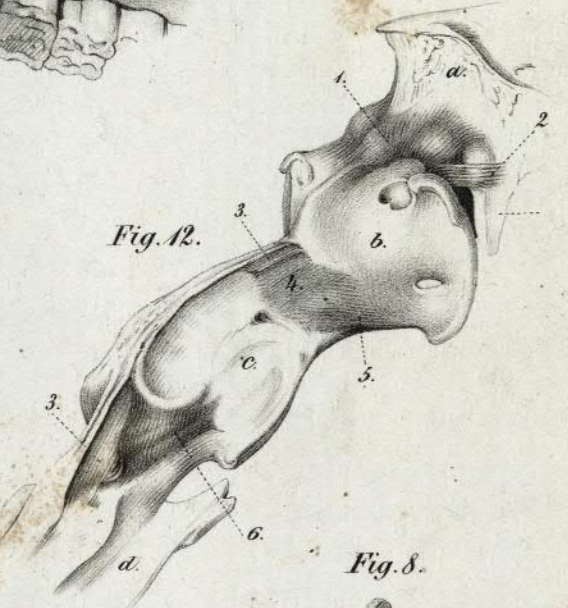

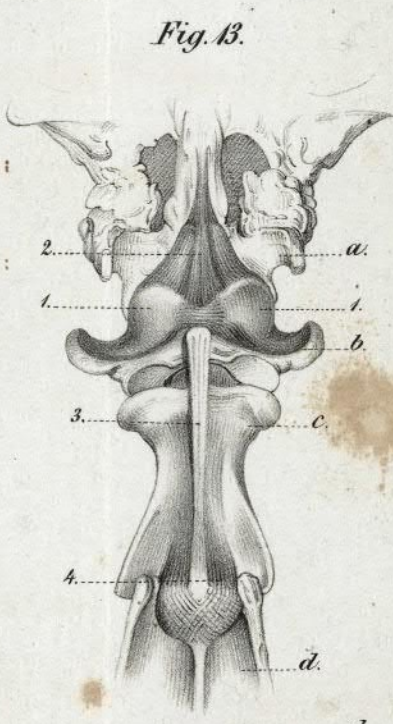

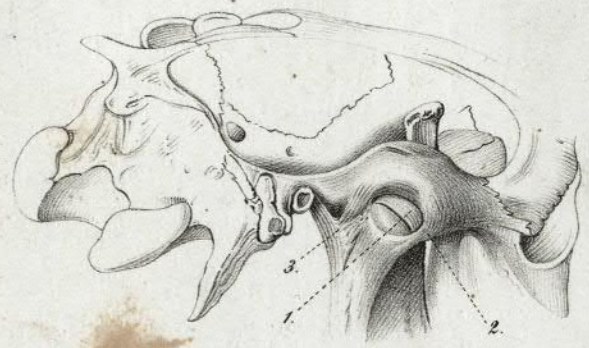

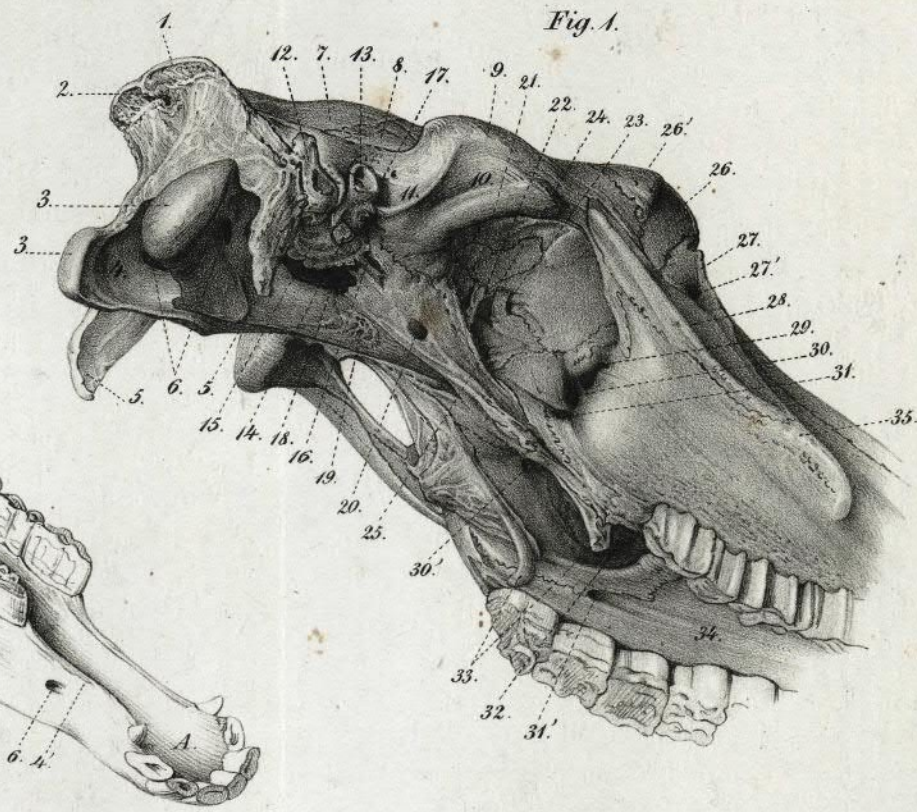

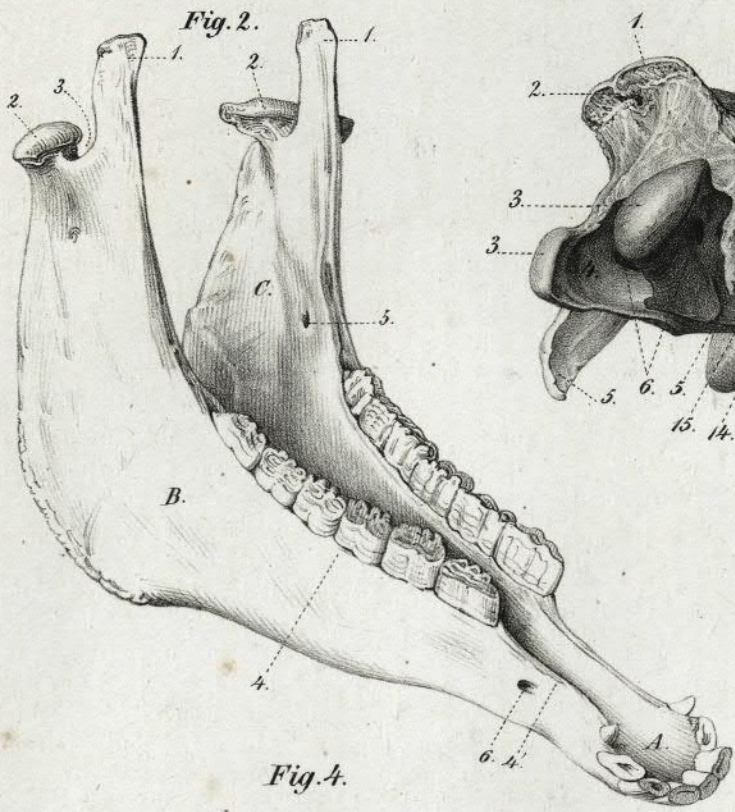

МАГИСТРЪ БУССЕ.
